

OFFICE OF SCIENCE & TECHNOLOGY

Bomb Crime Scene Investigation Training Tool

Project Description:

The National Institute of Justice is sponsoring Eastern Kentucky University (EKU) to develop a curriculum for bomb scene forensics and an interactive, multi-media CD-based training tool to teach that curriculum.

Status:

This project is ongoing. The curriculum has been developed. A Beta version of the CD was reviewed. Changes arising from the review are being incorporated and this project should be completed in FY04.
